Burlington Stores 2017 PAID Summer Internship – Information Technology

Ranked #3 for Retail/Consumer Products by Vault.com

Serious about a career in retail? Get real world experience through Burlington Stores' nationally recognized intern program. With 560 plus stores, an E-commerce site and 30,000 associates, and growing, we're always looking for great talent. Corporate Internship positions are located in our Corporate Offices in Florence and Edgewater Park, New Jersey, located between Philadelphia, Pennsylvania and Princeton, New Jersey.

Through Burlington Stores' summer intern experience, you will not only gain knowledge and skills through your departmental assignment, you will gain a full understanding of working in the fun and fast-paced world of off-price retail. Our comprehensive program provides you the opportunity to work side by side with leaders in the industry. Our interns proclaim our program to be "top-notch" because we execute on our promise to "wow" you every day. Highlights of the program include:

- Comprehensive Orientation
- Buddy for support and guidance
- Leadership Development Seminars
- Classroom training, e.g. Retail Math, Excel
- Store tours
- Group social activities
- Regular interaction with the leadership team
- Involvement in Community Service Projects
- Shadowing days to explore alternative careers
- Presentations by key lines of business
- Interaction with other interns and departments
- Business casual environment & associate discount

Success of our program is measured by the number of interns who receive offers and join us as full-time associates. We are proud to say our results are outstanding.

Here's what it takes to join the team:

- Are you pursuing a degree in Information Systems, Computer Science or Information Technology?
- Are you a full-time student entering their junior or senior year in the fall of 2017?
- Do you have a 3.0 or above cumulative GPA?
- Are you a self-motivated, team player, with strong planning, organizational, communication (verbal & written), and customer service skills with the desire to succeed?

Some of the exciting Information Technology internships we offer are:

Store Systems Applications Internship

- Support future technology for the point-of-sale and back office systems including layaways, returns, and sales tax applications
- Help implement a new technology platform and design for RF gun applications in the stores
- Software testing support including defect reporting and test case execution
- Provide technical support to various parts of the organization

Business Intelligence Applications Analyst Internship

- Support technology for the Business Intelligence platform for the core Merchandising, Store Operations and Corporate Business users
- Work with cutting edge technology solutions for mobile intelligence and predictive analysis to improve business processes and profit
- Work with our IT and Customer Support Service Centers
- Provide technical support to various parts of the organization
- Support Enterprise Application initiatives within the Business Intelligence area including functional and technical enhancements, testing, release deployment, reporting and monitoring
