Sam's Club Field Internship – Summer 2017:

Sam's Club was built upon Sam Walton's 3 Basic Beliefs: Respect for the Individual; Service to our Members; Strive for Excellence.

The first Sam's Club opened in Midwest City, Oklahoma, in 1983.

Today, we serve more than 47 million U.S. Members.

We have more than 600 Clubs through the U.S., Brazil, China, Mexico and Puerto Rico.

Each year Sam's Club donates more than \$17 million to support education, health and children's programs through charitable and civic organizations.

Sam's Club joined Count Me In for Women's Economic Independence to support 625 women owned small businesses through education and networking services.

More than 70 percent of Club management was promoted from hourly positions.

Sam's Club has more than 100,000 Associates currently employed in the United States.

Benefits of Sam's Club Field Internship:

The Sam's Club Field Internship program is a paid interactive 10 week program that requires your dedication and willingness to be an active part of the Club.

It allows you the opportunity to apply your college education to real world practical applications in the retail and wholesale business.

It provides you with exposure to a wide variety of retail operations in a practical learning environment.

It starts you on a possible career path with Sam's Club.

Learning About Our Business:

During your time as a Sam's Club Intern, you will be introduced to the key components that drive our business, including:

- Membership
- Merchandising
- Operations
- People

By understanding these key areas, you will learn how Sam's Club strives to exceed the expectations and needs of our Members.
