

Design Intern

As a Design Intern you will work hands-on to create and build products and samples, while also providing your perspective into future concepts and trends. You will be placed within a specific category or brand, but have the opportunity to gain exposure to multiple areas.

What you'll do

- Participate in design challenges - explore various areas of design (Home, Kids, Shoes, etc.)
- Create and update trim sheets, CADs, and line sheets
- Collaborate with Product Development, the Buying Office, and Art for direction
- Research trends and provide insight into testing new styles
- Design products! And then hand them off to Product Management to develop and create samples

This is you

- Undergraduate Junior
- You're a little bit of a Type A perfectionist - details are everything!
- You love the creation process - from concept to seeing a design come to life
- You're a great communicator - you get along with all different personalities and backgrounds

Career Path

- Design Intern
- Assistant Designer
- Associate Designer
- Designer
- Senior Designer
- Design Director
- Creative Design Director

Your Major is probably something like..

- Fashion/Apparel Design
- Textile Design

Perks!

- 10 week paid internship
- Free summer housing
- Associate discount
- Work with the coolest people around
- Position available in NY at the Kohl's Design Office and in Milwaukee at our Corporate Office
